## Cathedral Arts Project Inaugural Golf Tournament

On Monday, October 2, the Cathedral Arts Project held its inaugural golf tournament at Deerwood Country Club. The event, chaired by CAP board member Alan Fickling, raised more than \$75,000 in support of arts education in Duval County.

Save the date for the second annual Cathedral Arts Project golf tournament, to be held Monday, October 1, 2018, at Deerwood Country Club.

With 15 teams participating, 60 golfers enjoyed a beautiful day on the course and an awards reception following the tournament. Fickling Construction took home the grand prize with the best net score of the day, followed by Florida Paint in second place and Brooks Rehabilitation in third.

The event was emceed by Jeff Prosser from 1010XL, with Alan Fickling, CAP Board Chair Heather Moore, and CAP teaching artist Michelle Taylor giving remarks at the reception. Videos of CAP student performances and original student artwork graced the ballroom during the reception, which was catered by Deerwood.

“I’d like to thank our sponsors, the Cathedral Arts project board, our volunteers and the CAP staff for making this tournament a success,” said Fickling. “The funds raised will allow us to continue the mission of the Cathedral Arts Project, which is to instruct, instill and inspire the students we serve. We’re looking forward to next year’s tournament!”

Special thanks to Rhea Harris who coordinated the tournament, and to our sponsors Fickling Construction, Miller Electric, W.W. Gay Mechanical Contractors, Florida Paint Co., Sherwin-Williams, Antique and Modern Cabinets, Applied Mechanical Equipment, Brooks Rehabilitation, Jackie & David H. Busse, Cecil W. Powell & Co., Continental Building Materials, Clark Dietrich, DNS Contracting, Duval Ford, Ferber Company, Fickling Floor Covering, Paula & Charlie Margiotta, Rayware Hardware, Regency Electric Company, Rosen Materials, Superior Millwork, Thermal Resources of Jacksonville, and Tom Barrow Company.

“We couldn’t have asked for a more successful first tournament,” said Marcus Haile, CAP’s chief development officer. “Our board and the tournament committee really owned this and personally committed to making it a great event that met its goals. Even in a crowded tournament season, we’re excited about the future potential of a tournament focused on creativity and youth.”

###

*The **Cathedral Arts Project** is the leading nonprofit provider of quality, comprehensive and ongoing instruction in the visual and performing arts for elementary and middle school students in Duval County. The driving force behind all CAP programs is the belief that the arts matter – they provide essential skills, like creative thinking, perseverance, teamwork and self-discipline, that benefit all people in all areas of their lives.*

*Too often, certain populations of students do not have access to an arts-rich education because of limited access and resources in their schools, communities or homes. Yet these are the students for which the arts can have the strongest and longest-lasting impacts. CAP needs your support to accomplish its vision for every child in Northeast Florida to have access to a well-rounded, arts-rich education that endows his or her spirit with the imagination, self-confidence and strength of character that inspires great leadership and a will to succeed.
